

What others are saying about Martin

“I am thrilled that my friend Martin Abell is running for the nomination in our (new) mutual riding of University—Rosedale. When we ran together in neighbouring ridings in 2014, Martin was a great help and inspiration to me – I was so impressed with his campaign and his showing in a tough election for our Party. I am pleased to support him now and have no doubt that with Martin as our candidate we will finally turn this riding blue! I have full confidence that he will be an excellent MPP.”

2014 candidate, Trinity-Spadina

“Martin Abell has the character, experience and temperament required to be a successful PC Candidate in University—Rosedale and a strong, effective MPP at Queen’s Park. He has consistently demonstrated his dedication to the Ontario PC Party with hard work over the long term. He’s been a solid candidate and successful fundraiser. He is a responsible, conservative, downtown voice to help us face the red tide that once again threatens our city and the province. A candidate of Martin’s calibre is tremendously important to us and **he has our whole-hearted support.**”

Community Leaders and party activists

“Martin Abell understands that our party needs an ‘urban mindset’ if we are going to be truly successful. His passion for public and community service has been evident in the ~20 years that we’ve known each other. I’ve worked with many talented politicians from all levels of government, and Martin is exactly the kind of intelligent, loyal, dedicated and hard-working Progressive Conservative that we need at Queen’s Park.”

“I enthusiastically endorse Martin Abell for PC candidate in University-Rosedale Riding. Martin is my kind of Conservative – a passionate conservationist and an advocate for marginalized people in our community. A successful businessman, and also a tireless worker for the betterment of our community. Martin would be an excellent MPP, and I’ll be working hard to get him elected in 2018!”
